BRAIN INJURY

Official Research Journal of the International Brain Injury Association

Volume 16 2002

Taylor & Francis
healthsciences

SUBSCRIPTION INFORMATION

Brain Injury is published monthly by Taylor & Francis Ltd., 4 Park Square, Milton Park, Abingdon, Oxon OX14 4RN, UK. This journal is subject to a peer-review process.

Annual Institutional Subscription, Volume 16, 2002
Print ISSN 0269-9052 $1139.00 £690.00

A subscription to the print edition includes free access for any number of concurrent users across a local area network to the online edition, ISSN 1362-301X.

For more information, visit our website:

http://www.tandf.co.uk/journals

Print subscriptions only are also available to individual members of the International Brain Injury Association (IBIA), on application to the Society.

Periodical postage paid at Jamaica, NY 14431.

USA Postmasters: Send address changes to *Brain Injury*, Publications Expediting Inc., 200 Meacham Avenue, Elmont, NY 11003.

Air freight and mailing in the USA by Publications Expediting Inc., 200 Meacham Avenue, Elmont, NY 11003.

Dollar rates apply to subscribers in all countries except the UK and the Republic of Ireland where the pound sterling price applies. All subscriptions are payable in advance and all rates include postage. Journals are sent by air to the USA, Canada, Mexico, India, Japan and Australasia. Subscriptions are entered on an annual basis, i.e. from January to December. Payment may be made by sterling cheque, dollar cheque, international money order, National Giro, or credit card (AMEX, VISA, Mastercard).

Orders originating in the following territories should be sent direct to the local distributor:

India Universal Subscription Agency Pvt. Ltd., 877 Phase V, Udyog Vihar, Gurgaon, 122001, India

Japan Kinokuniya Company Ltd., Journals Department, PO Box 55, Chitose, Tokyo 156

USA, Canada and Mexico Taylor & Francis Inc., Journals Department, 325 Chestnut Street, 8th Floor, Philadelphia, PA 19106, USA

UK and all other territories Taylor & Francis Ltd., Rankine Road, Basingstoke, Hampshire RG24 8PR

The print edition of this journal is typeset by Keyword Publishing Services Ltd., and printed by Henry Ling Ltd., on ANSI conforming acid free paper. The online edition of this journal is hosted by Catchword.

Brain Injury

Contents of Volume 16 2002

Volume 16, Number 1, January 2002

Original papers:

Relationship between event-related potentials (P300) and activities of daily living in Parkinson's disease
S. Maeshima, T. Itakura, N. Komai, T. Matsumoto and A. Ueyoshi 1

Comparison of the predictive power of socio-economic variables, severity of injury and age on long-term outcome of traumatic brain injury: sample-specific variables versus factors as predictors
D. Hoofien, E. Vakil, A. Gilboat, P. J. Donovick and O. Barak 9

Wisconsin Card Sorting Test in chronic severe traumatic brain injury: factor structure and performance subgroups
K. W. Greve, J. M. Love, E. Sherwin, C. W. Mathias, P. Ramzinski and J. Levy 29

Pre-injury status and adaptation following traumatic brain injury
P. J. MacMillan, R. P. Hart, M. F. Martelli and N. D. Zasler 41

Competitive re-employment after severe traumatic brain injury: clinical, cognitive and behavioural predictive variables
R. Cattelani, F. Tanzi, F. Lombardi and A. Mazzucchi 51

Case studies

Perseveration of traumatic re-experiencing in PTSD; a cautionary note regarding exposure based psychological treatments for PTSD when head injury and dysexecutive impairment are also present
N. S. King 65

Is accurate self-monitoring necessary for people with acquired neurological problems to benefit from the use of differential reinforcement methods?
C. Knight, N. A. Rutterford, N. Alderman and L. J. Swan 75

Book reviews 89

Volume 16, Number 2, February 2002

Original papers:

Anger and it's management for survivors of aquired brain injury
J. Demark and M. Gemeinhardt 91

Glycogen-rich and glycogen-depleted astrocytes in the oedematous human cerebral cortex associated with brain trauma, tumours and congenital malformations: an electron microscopy study
O. J. Castejon, M. Diaz, H. V. Castejon and A. Castellano 109

Evaluating money management skills following brain injury using the assessment of functional monetary skills
M. Gaudette and A. Anderson 133

Classifying mobility recovery in children and youth with brain injury during hospital-based rehabilitation
M. A. Fragala, S. M. Haley, H. M. Dumas and J. P. Rabin 149

Quantitative assessment of impairment in constructional ability by cube copying in patients with aphasia
S. Maeshima, A. Ueyoshi, T. Matsumoto, S.-I. Boh-Oka, M. Yoshida and T. Itakura 161

Review of subject:
Critical review of passive muscle stretch: implications for the treatment of children in vegetative and minimally conscious states
B. Leong 169

Volume 16, Number 3, March 2002

Original papers:
Remediation of 'working attention' in mild traumatic brain injury
K. D. Cicerone 185

Insomnia in a post-acute brain injury sample
N. L. Fichtenberg, R. D. Zafontes, S. Putnam, N. R. Mann and A. E. Millard 197

Functional recovery and instrumental activities of daily living: follow-up 1-year after treatment in a stroke unit
F. J. Carod-Artal, J. L. González-Gutiérrez, J. A. E. Herrero, T. Horan and E. V. De Seijas 207

The vegetative and minimally conscious states in children: spasticity, muscle contracture and issues for physiotherapy treatment
B. Leong 217

Evaluation of a specific balance and coordination programme for individuals with a traumatic brain injury
M. C. Dault and C. Dugas 231

Altered electrodermal response to facial expression after closed head injury
M. J. Hopkins, J. Dywan and S. J. Segalowitz 245

Partial weight-bearing gait retraining for persons following traumatic brain injury: preliminary report and proposed assessment scale
D. J. Wilson and J. L. Swaboda 259

Case study:
Agitation assessment in severe traumatic brain injury: methodological and clinical issues
E. Angelino, M. Miglioretti and A. M. Zotti 269

Volume 16, Number 4, April 2002

Original papers:
Self-awareness following traumatic brain injury and implications for rehabilitation
A. Port, C. Willmott and J. Charlton 277

The investigation of factors underlying deficits in self-awareness and self-regulation
T. L. Ownsworth, K. McFarland and R. McD. Young 291

Family system outcome following acquired brain injury: clinical and research perspectives
C. Gan and R. Schuller 311

Early seizures following non-penetrating traumatic brain injury in adults: risk factors and clinical significance
H. Wiedemayer, K. Triesch, H. Schäfer and D. Stolke 323

A light and electron microscopic study of oedematous human cerebral cortex in two patients with post-traumatic seizures
O. J. Castejón, H. V. Castejón, M. Zavala, M. E. Sánchez and M. Díaz 331

The effects of brain injury on choice and sensitivity to remote consequences: deficits in discriminating response–consequence relations
M. W. Schlund 347

Case study:
Hypomania induced by herbal and pharmaceutical psychotropic medicines following mild traumatic brain injury
M. Spinella and L. A. Eaton 359

Volume 16, Number 5, May 2002

Original papers:
Recovery in memory function in the first year following TBI in children
C. Catroppa and V. Anderson 369

Brain injury rehabilitation: what works for whom and when?
A. Bajo and S. Fleminger 385

Intracerebral haemorrhage in previously healthy adults following aerobic and anaerobic exercise
B. Cayen and N. Cullen 397

Remediating deficits of switching attention in patients with acquired brain injury
A. Amos 407

Perceptual analysis of speech following traumatic brain injury in childhood
L. M. Cahill, B. E. Murdoch and D. G. Theodoros 415

Case studies:
Stereotypic movement disorder after acquired brain injury
C. M. McGrath, R. E. Kennedy, W. Hoye and S. A. Yablon 447

An analysis of assessment instruments for the minimally responsive patient (MRP): clinical observations
A. Canedo, M. C. Grix and J. Nicoletti 453

Volume 16, Number 6, June 2002

Original papers:
Intractable epilepsy and mild brain injury: incidence, pathology and surgical outcome
B. Jabbari, O. Prokhorenko, K. Khajavi and H. Mena 463

Aggressive behaviour observed within a neurobehavioural rehabilitation service: utility of the OAS-MNR in clinical audit and applied research
N. Alderman, C. Knight and C. Henman 469

Rehabilitation outcome after primary subarachnoid haemorrhage
E. C. Yap and K. S. G. Chua 491

Conceptualization and identification of depression in adults with brain damage by clients and rehabilitation clinical staff
C. Z. Kalpakjian, C. S. Lam and B. J. Leahy 501

Cutoff score on the apathy evaluation scale in subjects with traumatic brain injury
M. B. Glenn, D. T. Burke, T. O'Neil-Pirozzi, R. Goldstein, L. Jacob and J. Kettell 509

Quantitive imaging in late traumatic brain injury. Part I: late imaging parameters in closed and penetrating head injuries
I. I. Reider-Groswasser, Z. Groswasser, A. K. Ommaya, K. Schwab, A. Pridgen, H. R. Brown, R. Cole and A. M. Salazar 517

Effects of acquired brain injury on adaptive choice and the role of reduced sensitivity to contingencies
M. W. Schlund 527

Decreased length of stay, cost savings and descriptive findings of enhanced patient care resulting from an integrated traumatic brain injury programme
S. Khan, A. Khan and M. Feyz 537

Volume 16, Number 7, July 2002

Review of subject:
The locked-in syndrome: a syndrome looking for a therapy
J. León-Carrión, P. van Eeckhout and M. del R. Domínguez-Morales 555

Survey:
The locked-in syndrome: a syndrome looking for a therapy
J. León-Carrión, P. van Eeckhout, M. del R. Domínguez-Morales and F. J. Pérez-Santamaría 571

Original papers:
Post-injury substance abuse among persons with brain injury and persons with spinal cord injury
S. A. Kolakowsky-Hayner, E. V. Gourley III, J. S. Kreutzer, J. H. Marwitz, M. A. Meade and D. X. Cifu 583

Loewenstein communication scale for the minimally responsive patient
N. Borer-Alafi, M. Gil, L. Sazbon and C. Korn 593

Case study:
Functional outcome: a case for mild traumatic brain injury
J. P. Walker 611

Scedosporium apiospermum post-traumatic cranial infection
C. Farina, M. Arosio, G. Marchesi and M. Amer 627

Organic alexithymia: a study of acquired emotional blindness
R. Becerra, A. Amos and S. Jongenelis 633

Book reviews 647

Volume 16, Number 8, August 2002

Original papers:
Relationship of family functioning to progress in a post-acute rehabilitation programme following traumatic brain injury
A. M. Sander, J. S. Caroselli, W. M. High, Jr, C. Becker, L. Neese and R. Scheibel 649

Developing a responsive measure of change for paediatric brain injury inpatient rehabilitation
G. M. Bedell, S. M. Haley, W. J. Coster and K. W. Smith 659

Brief report: Prevalence of post-traumatic stress disorder symptoms after severe traumatic brain injury in a representative community sample
W. H. Williams, J. J. Evans, B. A. Wilson and P. Needham 673

Quantitative imaging in late TBI. Part II: cognition and work after closed and penetrating head injury: a report of the Vietnam head injury study
Z. Groswasser, I. I. Reider-Groswasser, K. Schwab, A. K. Ommaya, A. Pridgen, H. R. Brown, R. Cole and A. M. Salazar 681

Interdisciplinary meetings: investigating the collaboration between persons with brain injury and treatment teams
B. C. Abreu, L. Zhang, G. Seale, L. Primeau and J. S. Jones 691

Sleep cycle in patients in a state of permanent unconsciousness
M. Isono, Y. Wakabayashi, M. Fujiki M, T. Kamida and H. Kobayashi 705

Reliability associated with the abstraction of data from medical records for inclusion in an information system for persons with a traumatic brain injury
J. Labelle and B. R. Swaine 713

Motor vehicle collision factors influence severity and type of TBI
F. G. Hillary, P. Schatz, S. T. Moelter, J. B. Lowry, J. H. Ricker and D. L. Chute 729

Volume 16, Number 9, September 2002

Original papers:
The relationship between neurobehavioural problems of severe traumatic brain injury (TBI), family functioning and the psychological well-being of the spouse/caregiver: path model analysis
M. I. Anderson, T. R. Parmenter and M. Mok 743

Performance on measures of 'executive function' following pediatric traumatic brain injury
B. S. Slomine, J. P. Gerring, M. A. Grados, R. Vasa, K.D. Brady, J. R. Christensen and M. B. Denckla 759

Mild traumatic brain injury (MTBI): assessment and treatment procedures used by speech–language pathologists (SLPs)
M. C. Duff, A. Proctor and K. Haley 773

Ambulatory efficiency in persons with acquired brain injury after a rehabilitation intervention
K. A. Mossberg, S. Kuna and B. Masel 789

Electroencephalography in primary diagnosis of mild head trauma
H. Pointinger, K. Sarahrudi, G. Poeschl and P. Munk 799

Early S-100B serum level correlates to quality of life in patients after severe head injury
C. Woertgen, R. D. Rothoerl and A. Brawanski 807

Case studies:
Self-regulatory learning and generalization for people with brain injury
K. P. Y. Liu, C. C. H. Chan, T. M. C. Lee, L. S. W. Li and C. W. Y. Hui-Chan 817

The impact of intrathecal baclofen on gastrointestinal function
M. Kofler, H. Matzak and L. Saltuari 825

Volume 16, Number 10, October 2002

Original papers:
Brain injury: quality of life's greatest challenge
P. S. Seibert, D. P. Reedy, J. Hash, A. Webb, P. Stridh-Igo, J. Basom and C. G. Zimmerman 837

Increasing functional rehabilitation in acquired brain injury treatment: effective applications of behavioural principles
J. Guercio, P. Davis, G. Faw, M. McMorrow, L. Ori, B. Berkowitz and M. Nigra 849

The development of awareness and the use of compensatory strategies for cognitive deficits
D. Dirette 861

Cognitive profile for Chinese patients with stroke
C. C. H. Chan, T. M. C. Lee, K. N. K. Fong, C. Lee and V. Wong 873

Impulse control differences between abstinent heroin users and matched controls
T. M. C. Lee and C. W. H. Pau 885

Lack of apoptosis in the hypoxic brain of a rat model mimicking cyanotic heart disease
F. F. Bitar, M. el Sabban, H. Bitar, K. Diab, S. Mroueh, M. Nasser, M. Mikati and G. S. Dbaibo 891

Case studies:
Using counterconditioning to treat behavioural distress during subcutaneous injections in a paediatric rehabilitation patient
K. J. Slifer, S. E. Eischen and S. Busby 901

The neurobehavioural consequences of St. Louis encephalitis infection
K. W. Greve, R. J. Houston, D. Adams, M. S. Stanford, K. J. Bianchini, A. Clancy and F. J. Rabito, Jr 917

Book review 929

Volume 16, Number 11, November 2002

Original papers:
Self-awareness of prospective memory failure in adults with traumatic brain injury
N. L. Roche, J. M. Fleming and D. H. K. Shum 931

Attitudes of individuals with acquired brain injury towards disability
S. L. Snead and J. R. Davis 947

Use of the Community Integration Questionnaire (CIQ) to characterize changes in functioning for individuals with traumatic brain injury who participated in a post-acute rehabilitation programme
G. S. Seale, J. S. Caroselli, W. M. High, Jr, C. L. Becker, L. E. Neese and R. Scheibel 955

Children's brain injury: a postal follow-up of 525 children from one health region in the UK
C. A. Hawley, A. B. Ward, A. R. Magnay and J. Long 969

Frontal fluency and memory functioning among multiple sclerosis patients in Hong Kong
B. S. K. Tong, J. T. H. Yip, T. M. C. Lee and L. S. W. Li 987

Disability pensions in relation to stroke: a population study
T. W. Teasdale and A. W. Engberg 997

Written discourse of adolescents with closed head injury
B. M. Wilson and A. Proctor 1011

Volume 16, Number 12, December 2002

Original papers:
Family caregivers' reactions and coping for persons with brain injury
D. W. K. Man 1025

Predictors of caregiver burden following traumatic brain injury
N. Nabors, J. Seacat and M. Rosenthal 1039

Applicability of the 15-item versions of the Judgement of Line Orientation Test for individuals with traumatic brain injury
D. L. Mount, J. Hogg and B. Johnstone 1051

Identification of rehabilitation problems after head injury
C. W. Roy, S. Thornhill and G. M. Teasdale 1057

Treatment of story grammar following traumatic brain injury: a pilot study
M. S. Cannizzaro and C. A. Coelho 1065

Prediction of employment status following traumatic brain injury using a behavioural measure of frontal lobe functioning
A. Simpson and M. Schmitter-Edgecome 1075

Case study
Exploring a repetitive training regime for upper limb hemiparesis in an in-patient setting: a report on three case studies
A. Sterr, S. Freivogel and A. Voss 1093
